Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 28 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy and windy, with outbreaks of patchy rain.

Today:
A cloudy start with patchy outbreaks of rain, at times heavy and persistent over high ground in the north. During the afternoon drier spells may develop in the south. A windy day with coastal gales. Maximum temperature 13 deg C (55 deg F).

Tonight:
During the evening and overnight it remains largely cloudy with occasional outbreaks of rain easing. The chance of a few clear spells developing in the south and east. Minimum temperature 6 deg C (43 deg F).

Monday:
A cloudy start in the north with patchy light rain at times. Brighter towards the south and east with sunny spells developing through the afternoon. Winds easing and becoming warmer. Maximum temperature 15 deg C (59 deg F).

Outlook for Tuesday to Thursday:
Warm and dry with sunny spells on Tuesday. Sunny spells on Wednesday but turning cloudier with the chance of patchy rain later. Becoming colder on Thursday with sunny spells.
